## Vitreous Painting on Goblets/Beer Stein and a Tile

**Instructor: Ali Rogan**

**Wednesday August 11 or  
Sunday September 26  
10:00am-2:00pm each day**

**Cost: \$40 members  
\$50 non-members**

**Cristallo Artisans**  
11835 Canon Blvd, C104  
Newport News VA  
757-596-3551

Members will learn how to mix glass powders for application using traditional and non-traditional vitreous painting techniques. Goblets or a beer stein will be provided for this class and a glass tile. One goblet/beer stein will be used as a donation at the annual juried exhibition at CHTAC and the other goblet and tile can be taken home after the kiln firing process is completed. Members are welcome to bring an extra goblet to paint.

\*This workshop is a fundraising event for the Hampton Public Library Window. The work completed as part of this project will be shared with PGG members during the workshop class.

## Glass Education Scholarship

The Peninsula Glass Guild will again be offering an Educational Scholarship in the amount of \$1000 this year. The award money is payable directly to the school of the recipient's choice towards tuition, room and board for a glass art class. All members are eligible for the scholarship if they have paid their dues and attended at least one meeting by the application deadline.

Applications should include a one page essay detailing their reasons for wanting the scholarship, ten slides or digital images of their work and a list detailing the title, size and process for each piece. These materials should be delivered to Charles Taylor Art Center no later than the close of the Sunday December 5 meeting. Tina Oldknow will review the applications and choose the winner, which will be announced at the opening

The recipient is responsible for applying to the school of their choice and delivering a bill from that school to the treasurer so payment can be made. The recipient is also required to make a presentation the membership during the January meeting, one year from receiving the scholarship.

Plan ahead, and good luck!!

## Silent Auction

The Guild will hold the annual Silent Auction as a fundraiser for the Educational Scholarship on the evening of the opening reception for our Annual Juried Exhibition. Contributing artists will be able to set a minimum bid for their donated artwork and the proceeds from successfully auctioned pieces will be split 40% artist, 40% guild and 20% CTAC. Auction pieces can be delivered to CTAC during the drop-off dates of December 5 & 6.

To generate interest in the auction as well as the show, auction pieces will be available by November 15 on our website. Please consider donating a piece to the silent auction and send a digital image, dimensions and minimum

## Saturday December 11

bid to Rick Nelson by e-mail at [webmaster@peninsulaglassguild.org](mailto:webmaster@peninsulaglassguild.org), by November 1 so he can put this info on the website. The website information will be relayed to the public on the postcard for the annual exhibit.

This year, larger pieces for the auction will be displayed during the mobile hot shop paperweight workshop and demonstration that starts at 11am, giving bidders plenty of time to admire the artwork. This is a great opportunity to get exposure for other styles of artwork you are creating, as well as support the Guild and CTAC.

### Beginning/Intermediate Fused Glass

**Saturday Oct 9 10am-4pm**

The fundamentals of glass fusing and kiln-carving glass using beginning and advanced techniques will be covered in the class. Students will create fused glass jewelry, a tile, and a bowl using their own designs. The layering of multiple layers in glass fusing creates a beautiful image in the artwork. Kiln firing demonstrations will assist students to learn how to fire their own work.

### Fused Glass Bowl or Plate

**Saturday Nov 13, 10am-4pm**

Students will create a fused glass bowl or plate using their own designs for the process. They will use a variety of molds to assist in creating a diversity of work with the completed glass form. A simple glass bending form will be completed additionally, by students. Instructor will demonstrate the fusing and bending glass process using a small kiln.

## New Members (continued)

### Hollister (Holly) Weber

Holly is a retired art teacher, having taught elementary through high school. She also holds degrees in art history and fine arts. Upon retirement a year and a half ago, she became focused in ceramics and warm glass, thanks to the wonderful art community in Hampton Roads. The opportunity to work with so many artists and teachers has opened new doors to the art world for her. Holly grew up in the areas around Chicago and New York City. Five years ago she moved to Virginia Beach from California, where she lived for over 20 years. She has been married to Bruce Weber for two years, and has two grown sons in Seattle and London.

*Glasketball*

### Ryan Gothrop

Ryan Gothrup was born in Hartford City, Indiana and attended the Herron School of Art only to discover the love for glass at the Indianapolis Art Center where he studied with Ed Francis. He has been producing one of a kind glass objects for over twelve years. Gothrup received his BFA from Kent State University and recently received his M.F.A. from Virginia Commonwealth University. He is an adjunct glass instructor at Tidewater Community College, Portsmouth, VA and exhibits and sells his glass across the country. Gothrup's glass exemplifies a combination of Italian, Swedish, and German techniques with an American twist. Recent exhibitions in Corning, NY, Houston, and Richmond.

## Glass Art Book and Video Drive

Do you have any books or videos on glass art or technique that you are no longer using? The Guild is embarking on a new public donation project aimed at creating a Glass Art reference section in the Hampton Public Library. Look through your collection and consider what you could donate to increase public education and awareness of glass art.

Bring your donation to any meeting or event scheduled during the current membership year, and leave it with any officer of the guild. The guild has started off the drive with the donation of one book and two videos from Milon Townsend! We're on our way! If each member could make just one donation during the year, think of the collection we could present to the library!

## In Memoriam

With sadness we note that former Guild member Roland Scott of Richmond passed away this July following a long illness. Rolanda was known for her glass casting and glass blowing. She was in countless national shows and publications over the years.

### Painting With Glass

Students will work with new methods of using glass powders, frits, stringers, confetti and fusing glass to create a beautiful painterly application for this unique process. Traditional and nontraditional vitreous painting will also be included on the second day of this intensive workshop. Come prepared with your favorite images, photographs and ideas to translate them into glass!

### Fused Glass Ornaments

**Saturday Dec 4, 10am-2pm**

Students will create a variety of fused glass ornaments using precut glass forms, as blanks, ready to be personalized with beautiful glass. All types of glass, like iridized and dichroic glass, will add sparkle plus texture to each ornament. A kiln firing demonstration will assist students in learning how to do this process on their own.
